### **NOTE: Commitment is a MUST!**

Most bookings generally occur on weekends, but some corporate events occur through the week. We understand members will have study/employment commitments, however successful applicants must make the dolls a true commitment.

Will your current employment allow occasional time off to allow for booking commitments:  
YES / NO ?

As part of Rogue Dolls, it is essential that you make bookings and commitments an absolute priority. Should you be selected, the first weekend following the audition will be filled with promotional photo shoots and videography for the web site, with the first month filled with a minimum of three rehearsals per week (week nights). It is essential that you make this a priority, as we will not work around individual schedules for this! You will be paid a small rehearsal & commitment fee at the conclusion of the first month of rehearsals, to ensure selected dolls are committed.

Selected Rogue Dolls will be asked to sign a contract to state their commitment, as once promotional photos and rehearsals are completed we will not permit any members pulling out. The commitment contract will be for 6 months, with a review for a further 6 months. Rogue Dolls will re-audition each 6 months, on the review of each contract.
